

George – the city for all reasons

On move-in day

We ensure your home is vacant, ready and clean

We arrange key hand over and inspection

We assist you with utility connections and advise you on all discounted service providers which makes your settling in a breeze.

Keep in touch with you and assist you with any property related queries you may have in future

Terracon Properties – Relocation Program

Moving home is always a stressful and trying process.....moving to a different town or region with unfamiliar neighborhoods and demographics makes it tenfold more difficult.

We at Terracon Properties matches you with the right neighborhoods and homes according to your profile so you are focused from the get-go. This reduces unnecessary contact and appointment delays with multiple agents plus it saves you both in time and accommodation costs. We provide you with contact details for discounted accommodation establishments which are part of our program. We give you all the background and area specifics which could potentially be of importance to you*.

We will arrange a tour of the relevant neighborhoods most suited to your needs and set-up viewing appointments for a number of homes. Once you have selected a home we assist with all documentation and finance applications. If applicable we can advise how best to sell your property back home or refer you to one of our partner agents in your area.

* Please contact me for brochures on schools, higher education, vocational training, etc

How To Get Started

Once you have made the decision and are ready to investigate relocation simply contact us. We will do telephonic and digital pre-work to establish a comprehensive profile of needs and wants and any special requirements you may have.

Allow the LOCAL team to make your move a memorable one! Contact Jannie:083 660 6503
